Announcements

Graduate Writing Lab
The Graduate Writing Lab (GWL) offers free consultations by appointment with trained and certified peer tutors. Our graduate tutors will discuss any kind of writing at any point in the process. During each session, tutors get acquainted with the student’s writing, answer questions, identify patterns, make recommendations, and help the student come up with a plan for moving forward. Tutors can serve as a second set of eyes on personal statements, application essays, lab reports, theses, dissertations, resumes, and even professional emails.

Writing Efficiency Sessions
Do you want to be a more productive writer? If you are working on an intensive writing project like a dissertation, thesis, journal article, or grant proposal and you would like to increase your writing productivity, consider joining Writing Efficiency Sessions.

- Mondays, 11 AM to 1 PM
- Tuesdays, 8 AM to 10 AM
- Wednesdays, 6 PM to 8 PM
- Fridays, 12 PM to 2 PM

General Fellowship Opportunities

American Association of University Women (AAUW) American Dissertation Fellowships
American Fellowships support women scholars completing doctoral dissertations, conducting postdoctoral research, or finishing research for publication. The purpose of the Dissertation
Fellowship is to offset a scholar’s living expenses while she completes her dissertation. The fellowship must be used for the final year of writing the dissertation.

- **Deadline:** November 1, 2022
- **Citizenship:** U.S. citizen or permanent resident
- **Website:** https://www.aauw.org/resources/programs/fellowships-grants/current-opportunities/american/dissertation-fellowships/

**American Association of University Women (AAUW) Career Development Grants**

AAUW’s Career Development Grants provide assistance to women who, through additional higher education, technical training, or participation in professional development institutes, are making career changes, seeking to advance in current careers, or reentering the workforce. Primary consideration is given to women of color and women pursuing credentials in nontraditional fields. Grants provide support for coursework toward degree programs other than a doctorate or for specialized training in technical or professional fields.

- **Deadline:** November 15, 2022
- **Citizenship:** U.S. citizen or permanent resident
- **Website:** https://www.aauw.org/resources/programs/fellowships-grants/current-opportunities/career-development/

**American Association of University Women (AAUW) International Fellowships**

International Fellowships are awarded for full-time study or research in the United States to women who are not U.S. citizens or permanent residents. Both graduate and postgraduate studies at accredited U.S. institutions are supported.

- **Deadline:** November 15, 2022
- **Citizenship:** not U.S.A.
- **Website:** https://www.aauw.org/resources/programs/fellowships-grants/current-opportunities/international/

**American-Scandinavian Fellowship and Grants to Study in Scandinavia**

The American-Scandinavian Foundation (ASF) offers fellowships (up to $23,000) and grants (up to $5,000) to individuals to pursue research, study or creative arts projects in one or more Scandinavian country for up to one year. Grants are considered suitable for post-graduate scholars, professionals, and candidates in the arts to carry out research or study visits of one to three months duration.

- **Deadline:** November 1
- **Citizenship:** United States citizens or permanent residents
- **Website:** http://www.amscan.org/fellowships-and-grants/fellowshipsgrants-to-study-in-scandinavia/

**Boren Graduate Fellowship**

Boren Fellowships, an initiative of the National Security Education Program, provide unique funding opportunities for U.S. graduate students to study less commonly taught languages in world regions critical to U.S. interests, and underrepresented in study abroad, including Africa,
Asia, Central and Eastern Europe, Eurasia, Latin America, and the Middle East. The countries of Western Europe, Canada, Australia, and New Zealand are excluded. Boren Fellows represent a vital pool of highly motivated individuals who wish to work in the federal national security arena. In exchange for funding, Boren Fellows commit to working in the federal government for at least one year after graduation.

- **Deadline:** January 25, 2023
- **Citizenship:** U.S. citizens

**EPA People, Prosperity and the Planet (P3) Student Design Competition**

The U.S. Environmental Protection Agency (EPA), as part of its People, Prosperity and the Planet (P3) Award Program – is seeking applications proposing to research, develop, design, and demonstrate solutions to real world challenges. The P3 competition highlights the use of scientific principles in creating innovative technology-based projects that achieve the mutual goals of improved quality of life, economic prosperity and environmental protection. The EPA offers the P3 competition in response to the environmental and public health challenges in the United States, including those in small, rural, tribal and/or underserved communities. Please see the P3 Student Design Competition website for more details about this program. Proposed projects must embody the P3 approach, which is that they have the intention and capability to simultaneously improve the quality of people’s lives, provide economic benefits and protect the environment.

- **Deadline:** 20th Annual Competition will be opening soon. The 19th Competition was due October 27th.
- **Citizenship:** Unrestricted
Faculty for the Future
The Faculty for the Future grant program seeks to positively impact gender balance in science disciplines by reinforcing the presence and qualifications of women university teachers in developing and emerging economies. We firmly believe that better gender balance at the faculty level will encourage more women to study STEM disciplines.

- **Deadline:** November 11, 2022
- **Citizenship:** Female citizen of a developing country or emerging economy. You are not eligible to apply if you hold dual citizenship of which one is citizenship of a developed country

Dynamic Language Infrastructure-Doctoral Dissertation Research Improvement Grants

This program supports doctoral research focusing on building dynamic language infrastructure (DLI). Developing language infrastructure includes the documentation and preservations of languages in ways that articulate or advance linguistic theory, as well as the use of digitization
techniques and novel computational methods that support and advance the study of language. Special emphasis is given to human languages that are endangered, i.e., understudied and at risk of falling out of use. The program supports the development of the next generation of researchers that contribute to language data management and archiving, and to the analysis of these archives to advance language infrastructure. Funding in this solicitation is in the form of doctoral dissertation research improvement grants (DDRIs) for up to 24 months and this solicitation addresses the preparation and evaluation of proposals for DDRI proposals.

- **Deadline:** Proposals accepted anytime
- **Citizenship:** Unrestricted

**Getty Foundation Graduate Fellowships**

Getty Predoctoral and Postdoctoral Fellowships are intended for emerging scholars to complete work on projects related to the Getty Research Institute's annual research theme or the African American Art History Initiative. Recipients are in residence at the Getty Research Institute or Getty Villa, where they pursue research projects, complete their dissertations, or expand dissertation for publication. Fellows make use of the Getty collections, join in a weekly meeting devoted to the annual theme, and participate in the intellectual life of the Getty.

**History of Art: Institutional Fellowships**
Advanced training in European art history requires direct exposure to the object of study, prolonged access to key information resources such as libraries and photographic archives, the development of professional relationships with colleagues abroad, and sustained immersion in European cultures. These related needs are often best satisfied by extended engagement with a European art research center. The Kress History of Art: Institutional Fellowships are intended to provide promising young art historians with the opportunity to experience just this kind of immersion.

**Mellon Graduate Fellowship in "Neoliberalism at the Neopopulist Crossroads"**
Applications are invited from graduate students at the ABD level in all doctoral programs at the University of Arizona for a spring semester, non-renewable Graduate Fellowship associated with a Mellon-funded Sawyer Seminar on the subject of “Neoliberalism at the Neopopulist Crossroads.” The fellowships will be offered concurrently with the seminar during Spring 2023. The Graduate Fellows will serve as part of the leadership team for the grant. They will work with UA faculty in planning and executing the overall program, hosting campus visitors, coordinating with our community partners, supporting film screenings, curating the online archive of the seminar, and preparing a collection of essays for publication. The fellowship will award $12,500 over the spring tuition along with a full tuition waiver and coverage of mandatory health insurance. This Sawyer Seminar will re-evaluate prevailing theories of neoliberalism’s intellectual histories, political imaginations and cultural practices in light of the tumultuous turn toward right-wing populisms that has occurred in many parts of the globe. For more details, see the link below.

**Society for American Music Robert Walser and Susan McClary Fellowship**

Intended to diversify the field of scholars working on American music, the Robert Walser and Susan McClary Fellowship is awarded to an outstanding Ph.D. candidate at a U.S. or Canadian university who is a member of a historically underrepresented group in the field. Applications are especially welcome from African Americans, Native Americans, Native Pacific Islanders, Hispanic Americans, and Asian Americans, and, from Canada, aboriginal peoples and visible minorities (as defined by Canadian legislation). The Society embraces and promotes diversity of race, ethnicity, class, gender, gender identity, sexual orientation, disability, national origin, and religion, among other expressions, among our membership and throughout all Society activities. The award recognizes academic achievement and future promise in the study of American music. The fellowship, granted biannually, provides a twelve-month stipend of $22,000 for Ph.D. candidates enrolled full time at their educational institution. It cannot be held concurrently with a comparable year-long fellowship unless the SAM award is accepted on an honorary basis.

**DOE Office of Science Graduate Student Research (SCGSR) Program**
The goal of the Office of Science Graduate Student Research (SCGSR) program is to prepare graduate students for science, technology, engineering, or mathematics (STEM) careers critically important to the DOE Office of Science mission, by providing graduate thesis research opportunities at DOE laboratories. The SCGSR program provides supplemental awards to outstanding U.S. graduate students to pursue part of their graduate thesis research at a DOE laboratory in areas that address scientific challenges central to the Office of Science mission. The
research opportunity is expected to advance the graduate students’ overall doctoral thesis while providing access to the expertise, resources, and capabilities available at the DOE laboratories.

**Graduate Fellowships for Science, Technology, Engineering, and Mathematics Diversity**
The Graduate Fellowships for Science, Technology, Engineering, and Mathematics Diversity is a partnership between government agencies and laboratories, industry, and higher education. Their goal is to increase the number of American citizens with graduate degrees in the physical sciences and related engineering fields, emphasizing recruitment of a diverse applicant pool including women and minorities. The Graduate Fellowship is unique in being: open to all American citizens; lasting for up to six years; providing a $20,000 annual stipend; covering tuition; allowing a fellow also to hold a research or teaching assistantship; including one or two paid summer internships with a government agency; providing a mentor and the opportunity for a lasting relationship with the sponsor.

**Human-Environmental and Geographical Sciences Program Doctoral Dissertation Research Improvement Award**
The objective of the Human-Environment and Geographical Sciences Program is to support basic scientific research about the nature, causes and/or consequences of the spatial distribution of human activity and/or environmental processes across a range of scales. Recognizing the breadth of the field's contributions to science, the HEGS Program welcomes proposals for empirically grounded, theoretically engaged, and methodologically sophisticated, generalizable research in all sub-fields of geographical and spatial sciences. Because the National Science Foundation's mandate is to support basic scientific research, the NSF Human-Environment and Geographical Sciences program does not fund research that takes as its primary goal humanistic understanding or applied research. HEGS supported projects are expected to yield results that will enhance, expand, and transform fundamental geographical theory and methods, and that will have positive broader impacts that benefit society.

Mickey Leland Energy Fellowship (MLEF) Program
The MLEF Program provides students with educational opportunities to gain real-world, hands-on research experience with the Department of Energy’s (DOE) Office of Fossil Energy. The MLEF program was created in 1995 with the goal of improving opportunities for under-represented and minority students in science, technology, engineering, and mathematics (STEM) fields. As a MLEF participant, you will train under the mentorship of scientists and engineers while working on mission-focused research projects. During the 10-week appointment, you will receive a weekly stipend, and may be eligible for housing and travel allowances. You will also gain insight into how the Department of Energy is working to meet the energy challenges of the future.

**Sandia National Laboratory Postdoctoral Fellowships**
Sandia offers various fellowship opportunities to exceptional individuals in support of our national security mission.
University of Arizona President's Postdoctoral Program

University of Arizona joined a collaborative partnership with the University of California to offer postdoctoral fellowship opportunities at the University of Arizona. In this partnership, the University of Arizona offers postdoctoral research fellowships in all fields, coupled with faculty mentoring, professional development, and academic networking opportunities. The University of Arizona views these presidential postdoctoral fellowships as an exceptional opportunity to recruit potential new faculty to the University whose research, teaching, and service will contribute to diversity and equal opportunity at UArizona.

- **Deadline:** November 1
- **Citizenship:** Successful applicants must present documents demonstrating that they are legally authorized to work in the United States. Individuals granted deferred action status under the Deferred Action for Childhood Arrivals program are encouraged to apply.

University of Michigan President’s Postdoctoral Fellowship Program in STEM

The University of Michigan views these postdoctoral fellowships as providing an exceptional opportunity to recruit potential new faculty to the University by offering the possibility of either a postdoc alone or a combined postdoc and tenure track faculty appointment. The University seeks applicants whose research, teaching and service will contribute to diversity and equal opportunity in higher education. The program is particularly interested in scholars with the potential to bring to their academic careers the critical perspective that comes from their non-traditional educational background or understanding of the experiences of groups historically underrepresented in higher education.

For 2022-23, the University welcomes applications from potential fellows who aim to work with faculty mentors in the following eight schools and colleges:

- School of Dentistry
- College of Engineering
- School for the Environment and Sustainability
- Ford School of Public Policy
- School of Kinesiology
- School of Music, Theater and Dance
- School of Nursing
- School of Public Health

- **Deadline:** November 1, 2022

**Woods Hole Oceanographic Institution Postdoctoral Programs**

The Woods Hole Oceanographic Institution offers several types of postdoctoral awards. A term appointment to the position of Postdoctoral Scholar, Fellow, or Investigator may be offered to an individual who has completed the requirements for a Ph.D. degree. The degree may or may not have been officially awarded; a letter from the individual's university asserting that he or she has completed all of the requirements for the degree is satisfactory for establishing eligibility for the position. Each type of postdoctoral appointment has a slightly different selection and appointment procedure.
