Q2

Nominee Information

Q3
From the drop-down menu below, please select the academic program to which the nominee has applied. Programs are listed in alphabetical order as found in the Graduate College Catalog and Program Descriptions list. Only eligible programs are listed; however, if you believe a program is missing, please contact grad-center@arizona.edu.
See Appendix on page

Q4
Nominate your student for consideration in **only one** of the broad academic areas below. The area selection should be based on the best fit with your student's interest.

For example, an optical science student studying the influence of lasers on the immune system could be nominated to the Biological, Health, and Medical Sciences pool. Likewise, a nominee

with an emphasis in computational linguistics and ancient texts could be submitted to the Arts and Humanities category because of the student's research focus.

1. Arts and Humanities
2. Biological, Health, and Medical Sciences
3. Education, Social Sciences, and Business
4. Physical, Agricultural, and Computer Sciences, and Engineering

Start of Block: Financial Support

Q10

Level of Financial Support after Year 1

The University Fellows Award offers fully-funded support from the Graduate College in year 1 of the nominee's studies, professional development funding in year 2, and other opportunities throughout a Fellow's time at the University of Arizona.

Colleges and programs that recruit a fellow are required to provide support for years 2-5 of the Fellow's degree program, pending academic performance and availability of funds. In the vast majority of participating colleges, support is in the form of a 0.50 FTE Graduate Assistantship each semester. The bare minimum of financial assistance is the equivalent of a 0.25 FTE Graduate Assistantship and full tuition coverage each semester. (Support can be in the form of tuition waivers, scholarships, assistantships, etc.) If a Fellow is awarded external funding, such

as an NSF Graduate Research Fellowship, the program's financial commitment can be met by the external funding source.

The following questions seek to clarify what support will be provided to your nominee after year 1.

Q11 If you already have sent an offer letter to the nominee, please upload it here. If you plan to send a financial offer to the nominee before UF nominee reviews conclude, please email a copy to David Bradshaw at bradshad@arizona.edu.

Q12
