If nothing else, this is a fantastic opportunity for you to begin building relationships with potential employers of interest because you never know where your next opportunity will come from. The 2021 Virtual Fall Career Days is facilitated via Zoom. Register to attend through Handshake. Here is the full schedule:

Career Fair Prep Program

This free and fully online program for graduate students launches one month before each of the University of Arizona’s career fairs - in September for fall semester and January for spring semester - and provides information, guidance, and resources on:

- Using Handshake to research employers and their opportunities
- Crafting a self-introduction and talking points to make a great first impression
- Preparing application materials if you find opportunities of interest
- Maximizing your interactions with employers at the career fair
- Continuing to build relationships after the event

Additionally, participants receive priority appointment scheduling with your career support team. This means you can schedule a 30-minute 1:1 career counseling appointment the same day (as available) to help you prepare for the career fair.

The Career Fair Prep Program launches 10 to 14 days prior to the campus-wide career fair each semester. For Fall 2021, it will be happening on September 13th.

If you have questions or want to reserve your spot, please email gradcenter@email.arizona.edu. More information available at https://gradcenter.arizona.edu/career-support.
